The scorecard is a product of Roots of Change and the California Food and Farming Network (CFFN). We believe Californians must know how their elected representatives respond to proposed food and agriculture legislation meant to enhance public health, economic opportunity and resource protection. 2017 CALIFORNIA FOOD AND AGRICULTURE LEGISLATOR SCORECARD

The Legislator Scorecard reflects policy maker support for healthy, just and ecological food and agriculture. The scores of legislators reveal the percentage of times each voted "aye" on bills tracked by the California Food and Farming Network. The Governor's score is based on the percentage of times he signed tracked bills that were placed on his desk.

A majority of legislators (72 of 120) voted aye at least 90% of the time when a bill reached the floor of the Assembly or Senate. This is six legislators more than in 2016. The Governor signed all but one bill. We welcome these facts. Unfortunately, as in the past, the most transformative legislation stalled in committee, particularly Appropriations. Too many members still fail to appreciate the impacts of food and agriculture on public health, the economy and ecology of California.
