

Happy Thanksgiving!

Greetings!

We give thanks for your desire to see a nation where abundant nutritious food is easily available.

Roots of Change works hard every day to

- ensure that socially- and ecologically-minded farmers, ranchers and food business leaders are governed fairly by the laws of our food economy
- protect the most vulnerable workers in the fields and processing plants who make our meals possible
- make the healthiest fresh food affordable to our low-income families who are often, due to racism and resulting poverty, most impacted by diet related disease, the pandemic and extreme weather. *Photo credit: Askar Abayev, Pexels*

DONATE

We seek a just and healthy agriculture and food economy that is a solution to the many challenges of our time, particularly the climate crisis and the wealth gap. And we cannot do this work without your support. **Please think of us**

as you make your holiday donations to those seeking to improve our world.

Thank you!
