April 2, 2019 Volume 5, Issue No. 5

### Help us Make California Healthy

#### Greetings!

We are on a mission to pass a monumental bill that will help fix our broken food system. We need your help to do it.

### California Community Health Fund (AB 138)

See our new <u>2-minute video</u>. It describes California's biggest opportunity to improve our food system since the California Global Warming Solutions Act, AB 32, created the Greenhouse Gas Reduction Fund.

This video tells you how to make your support for the California Community Health Fund heard by key policy makers.

> "A \$40 billion menace or a 2 cent tax."

We have one week to move Assembly Bill 138 through the Assembly Health Committee. It won't happen without your support.

# Our Latest Flipping the Table Podcast: 4 Minutes on Healthy Food and Farming

There is a two-headed monster running amuck in America. California just might do something about it. Learn how the California Community Health Fund can help kill the monster, something that would be good for all Californians, particularly our kids! Check out <u>our latest podcast</u>:

#### Farming to Save the Earth

There are some tickets left for the Commonwealth Club of California's "Farming to Save the Earth" event in Mill Valley tomorrow, Wednesday April 3<sup>rd</sup>, 7 pm. See legendary sustainable farming pioneer, Paul Dolan, in conversation with ROC's Michael R. Dimock. The evening will clarify why the event title is not as hyperbolic as one might think.

Click to RSVP

## Sign our Petition Letters to Governors in California, Maine or Wisconsin

As announced previously, ROC has joined forces with <u>Healthy Food Action</u>. We are running a campaign to fix the broken food system and hope you will sign one of our petition letters.

If you are a resident of either California, Maine or Wisconsin, please sign one of these petition letters:

- Petition letter for Governor Gavin Newsom, California
- Petition letter for Governor Janet Mills, Maine
- Petition letter for Governor Tony Evers, <u>Wisconsin</u>

Thank you for working with us to create a powerful voice to make the necessary changes!

Please make a contribution so we make the food movement's voice heard!

We need your financial support to continue advocating for healthy food and agriculture policies like: <u>AB 138</u> California Community Health Fund; <u>AB</u> <u>958</u> the Organic-to-School Pilot Program; <u>AB</u> <u>409</u> Agriculture Climate Adaptation Tools; <u>SB 458</u> to Protect Children from Brain Damaging Chlorpyrifos; <u>SB 200</u> Safe & Affordable Drinking Water Fund and <u>SB</u> <u>499</u> CA-Grown for Healthy Kids Act.

Thank you!
